

## Quilt Preparation:

- Quilt top should be trimmed down to final finished size. I will not cut or trim a quilt top.
- Check to be sure all seams are secure. Remove all excess thread as well as pins and other embellishments.
- The quilt should lay flat. Measure your quilt at the top, center and bottom. These measurements should all be the same. If not there is a possibility that your finished quilt will not be square or have fullness eased in which could cause puckering.
- Please check to see that your quilt seam lines are pressed in the desired direction. I do a final press on each quilt before loading it, but will not change the direction of seams.
- Backing and batting must be at least 4 to 6 inches larger than the quilt on each side.
- Do not baste quilt together. Quilt top, backing and batting must be brought in as separate layers.
- Complete **Quilt Check In Form**

## Price List:

	<u>Cents/Sq In.</u>
<b>Edge to Edge Design:</b> A continuous design from edge to edge of the quilt. Price is determined by the density of the quilting design.	<b>.015-.03</b>

<b>Basting:</b> Basting lines run horizontally Approximately every 4" - 6".	<b>0.01</b>
<b>Minimum Long Arm Fee:</b>	<b>\$75.00</b>

## Batting:

Batting can be provided by yourself or purchased from me.  
(Price is per yard)

### 100% Cotton Batting:

Classic batting. As it will shrink some with washing it is great if you want to give your quilt that 'antique' look!

**White 120": \$14.00 Natural 96": \$10.00**

### 80/20 Cotton/Poly Batting:

Great batting for items that are going to be getting a lot of use, such as kids quilts and table runners.

**Natural 120": \$9.00 96": \$7.50**

**Black 108": \$9.00**

### Bamboo Blend Batting:

Lightweight and soft, this batting lays beautifully.

**Natural 96": \$11.00**

### Hobbs Washable Wool Batting:

Very lightweight, but warm! This batting has a little more loft than the others. It is great for heavy quilts such as flannel, as it keeps them pliable and cuddly.

**Natural 108": \$16.00 96": \$15.00**

**Tuscany King Size Package: \$40.00**

### Hobbs Poly Down

Lovely loft with easy care. **108": \$8.50**

**Batting prices are subject to change**

---

### Thread Charge:

Charge is per bobbin used

**Bottom Line Thread: \$2.00**

## Custom Long Arm Quilting

*All quilting is done on a Gammill Optimum equipped with a Statler Stitcher. Both computer generated and hand guided designs can be used!*

*As I begin work on your quilt I take pleasure in working with you to carefully choose patterns and thread for your quilt that enhance its style and meet your budget.*

*Many of my best customers are from across the country. I happily accept shipped quilts and offer USPS or UPS return shipments.*

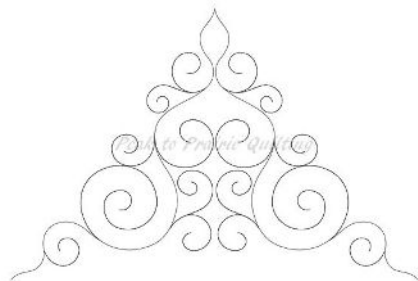

---

## Digital Quilting Designs

*Peak to Prairie Quilting has a large gallery of digitized designs and are adding more every day! While I specialize in Judy Niemeyer designs I enjoy designing for all different styles of quilts. I frequently design for the quilts I long arm as I often have trouble finding that 'just right' design that I'm looking for.*

*Custom design and digitizing work would need to be discussed on a quilt by quilt basis.*

*Visit [www.peaktoprairiequilting.com](http://www.peaktoprairiequilting.com) for a library of digital designs!*
